A recognized leader for over a decade, Calvin Witcher has become a sought after speaker and has directly impacted countless lives from coast to coast. What began as a young person's desire to provide individuals with tools for effective change and growth, has rapidly changed into an international platform that is in high demand.

Calvin is known for his innovative programs for Foster, Adoptive, and Kinship Care Education Programs. Calvin knows this subject matter from a professional and personal perspective. Mr. Witcher has extensive experience working with at-risk youth, children in the welfare system, and families dealing with challenges.

He is also the proud parent who adopted his children through the child welfare system and today they are thriving and living lives beyond the statistics. He shares his signature techniques as a parent/educator in his keynotes, workshops, and training for professionals.

Currently, Mr. Witcher is actively engaged in the child welfare system where he teaches and trains professionals to effectively help children in and out of home care. Calvin's mission is to educate families and professionals with relevant matters and best practices as well as empower communities through training and support.

You and your organization will be moved, uplifted, and ready to take action after experiencing Calvin Witcher programs, keynotes and presentations.
